

Thesis Program

Electronic digital chronothermostat, elegant in shape with reduced dimensions, with weekly programming for electric towel warmers with fluid heat transfer. Temperature control by sensor in the room environment. It can be assembled with different heating elements that can be easily found or replaced by the major European manufacturers. The display shows each status and mode of user set. The useful open window detection function is present to reduce the waste of electricity; in addition to the ASC function.

Technical specifications

Operational modes	Comfort, Night, Antifreeze (7°C), Boost2h, Stand-by, Fil-Pilote (for Class II model only), Chrono, Key Lock, ASC, Open Window Detection
Conformity marking	CE
Supply voltage	230 VAC - 50 Hz
Maximum power	2000 W
Selectable temperature range	7°C - 32°C
Appliance classes	Class I - Class II
IP protection	IP44
Size	113mm x 73mm x 39mm
Available colours	White, Chrome
